A Colorado native for years I've attended baby shower after baby shower either as a guest or as a planner and decorator. I've always been known for being "creative" so for fun I would think of new ways to make my baby shower gifts stand out as the most memorable. In my quest for the perfect gift I always made sure to incorporate essentials that I knew could be used for baby and mom-dads-to-be.

Need help planning a baby shower for an expecting colleague?

Fortunately we have the perfect solution of you!

What is Lunch Hour Shower? In 2011, I created a service called Lunch Hour Shower LLC. Lunch Hour Shower provides baby shower packages to companies and corporations with an interest in hosting affordable baby showers for expecting colleagues. As I began to provide my baby gifts to people in the corporate industry, I found that it's challenging for co-workers to find time to shop for unique gifts for their expecting workmate, and coordinating a baby shower is often difficult with everyone's busy schedules. This is what prompted me to develop the perfect solution. Customers are allowed to choose a date, time and theme for the baby shower and baby shower party essentials are assembled, boxed and delivered to the home or place of business.

When you order your custom LUNCH HOUR SHOWER package all that's required is that you open the box and set up. That Simple!

Pick a date time and theme and book your Lunch Hour Shower today!
